

## First SiteHawk Safety Scholarship Winner Named

**Nashville, TN (June 1, 2011)** – SiteHawk, the leading MSDS management and authoring provider, announced today that Stephanie James of Western Carolina University has been awarded the 2011 SiteHawk Safety Scholarship. This scholarship is awarded through the American Society of Safety Engineers' (ASSE) Foundation Scholarship program.

The ASSE Foundation, established by and in partnership with the American Society of Safety Engineers (ASSE), generates funding and provides resources for scholarship, applied research, academic accreditation and related academic initiatives in order to advance the safety, health and environmental profession. For more information, please visit [www.asse.org/foundation](http://www.asse.org/foundation).

"We would like to congratulate Ms. James for earning this distinction," stated Kim Stier, President of SiteHawk. "We wish her and all other students in the environmental, health, and safety fields the best of luck in their future endeavors."

### About SiteHawk

SiteHawk offers a complete approach to MSDS and chemical data management via web-based, user-friendly software and managed services. Organizations in virtually every industry utilize SiteHawk solutions to manage their hazard communication programs, meet regulatory and environmental compliance initiatives, manage chemical inventories and chemical data, publish material safety data sheets, and keep workers safe throughout the organization. With customers spanning the globe, SiteHawk continues to lead the environmental health and safety industry in customer satisfaction with a greater than 98% customer retention rate.

The complete SiteHawk solution portfolio includes software and services for MSDS management, MSDS authoring, chemical inventory management, and environmental regulatory compliance. For more information on any of these services, please visit <http://www.sitehawk.com>.
