

## The Denver Zoo Chooses SiteHawk for MSDS Management

**Nashville, TN (March 17, 2011)** – SiteHawk, the leading MSDS solutions provider, announced today that Denver Zoo has selected SiteHawk as its MSDS management services provider.

Denver Zoo spans more than 80 acres in downtown Denver and is home to nearly 4,000 animals representing 650 species. Originally opened in 1896 and currently in the midst of a 20 year master plan, Denver Zoo's mission is to secure a better world for animals through human understanding.

"SiteHawk offered a simple, affordable chemical data management solution," commented Patricia Ennis, Director of Workplace Safety for Denver Zoo. "We're excited to take advantage of their MSDS software, expert knowledge, and exemplary customer service."
