

## SiteHawk Selected to Nashville Future 50

*Award identifies and recognizes 50 fastest-growing, privately held companies in Middle Tennessee*

**Nashville, TN (October 20, 2010)** – SiteHawk has been named a 2010 Future 50 winner. This award is an annual recognition program of the Nashville Area Chamber of Commerce to celebrate the 50 fastest-growing, privately owned companies in the Nashville area.

Future 50 companies are identified through a nomination process, which includes questions about a company's past and projected sales and employment growth. To be eligible, companies must be privately owned, headquartered in Middle Tennessee, have 10 or more employees or annual revenue of at least \$500,000, and anticipate revenue and employment growth for the next three years. The nominations are collected by the Nashville Area Chamber of Commerce and tabulated by KraftCPAs, the official accounting firm of the Future 50.

"Future 50 companies are a testament to the ideal business climate in Middle Tennessee. The success of these companies helps drive economic growth in this area," said Chamber President & CEO Ralph Schulz. "The success of these companies reinforces Middle Tennessee's reputation as a good place to start and grow a business. It's important that we recognize these companies for the contributions to our community."

"SiteHawk is honored to be recognized among this impressive group of innovative companies," commented Kraig Haberer, COO for SiteHawk. "This distinction truly reflects our commitment to great products, great employees, and great customer service."

### About SiteHawk

SiteHawk offers a complete approach to MSDS and chemical data management via web-based, user-friendly software and managed services. Organizations in virtually every industry utilize SiteHawk solutions to manage their hazard communication programs, meet regulatory and environmental compliance initiatives, manage chemical inventories and chemical data, publish material safety data sheets, and keep workers safe throughout the organization. With customers spanning the globe, SiteHawk continues to lead the environmental health and safety industry in customer satisfaction with a greater than 98% customer retention rate.
